Sir:

SUMMARY OF TELEPHONE CALL

On August 8, 2005, the undersigned telephoned Examiner Hailu to discuss the Office action mailed February 9, 2005. Applicants pointed out that, while the Summary page indicated that the action was Final, the Examiner did not include statements in the text of the Office action to confirm that this is the case, that Applicants had not amended in their last response and new prior art was cited in this Office action, and that the USPTO's electronic PAIR system shows the pending Office action as "Non-Final." Unable to get resolution of this inconsistency before filing a response and wishing to err on the side of caution, Applicants had treated the pending Office action as "Final" and filed an Amendment under 37 C.F.R. § 1.116 on April 18, 2005. As of today, Applicants

had not yet received a response and had noted that tomorrow is the five-month anniversary of the mailing date of the action.

Examiner Hailu responded that he consider the Office action mailed February 9, 2005, to be non-final and apologized for the inconsistency between the summary page and the text of the action. Examiner Hailu noted that Applicants' response filed April 18, 2005, was received by the USPTO and should be considered. In reliance on these representations, Applicants will wait for a response from the USPTO and not file any additional submissions at this time.

If the Examiner does not agree, the Examiner is asked to kindly telephone the undersigned as soon as possible at (650) 849-6621.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
